E-Power Machine - Advanced Electrotherapy.

Constipation problem gone.

"I've had a constipation problem since I was a young girl. We got the E-Power January 2nd. I've used it for an hour every day. Now, I had taken Metamucil for the last 32 years, but I no longer have to use it. I don't use stool softeners and I am going regularly every day. I also have a friend in Arizona that I am letting use the E-Power and she uses it for 30 minutes per day. She, too, had a constipation problem, going once every 3 days. But now she goes regularly every day. My husband, Denis, uses it and he goes regularly every day." - Martha, HTE conference call.

Stress, pain, tension and migraines removed.

"I tried the E-Power machine for myself at head office in Los Angeles, and my body was 'vibrating' for one hour afterwards. Stress, pain and tension in my head, neck and

shoulders completely disappeared. Whilst i sat for 30 mins with the E-power belt around my waist, i felt nothing other than a tingling in my fingertips. To prove something was happening, i was given a fluorescent light strip to hold, and it lit up! This is a very interesting machine and i'm excited about the possibilities and must note that i went into this a huge skeptic because i didn't understand electrotherapy. Not anymore. This is the only method i have found that takes away my migraines.". - Sydney, HTE International Distributor, Jan 2008

... Follow Up January 2015:

"I very rarely get sick but became very unwell in January 2015, hit full force by flu, with severe pounding migraine 24/7, plus locked shoulder and neck muscles which i had being suffering with for weeks. At one point i also became badly constipated as i was hardly eating due to loss of appetite and loss of taste and smell. It should be noted i refuse to take medication of any kind, ever.

Several days later, i remembered my E-Power and began using it for one hour daily. The electrotherapy completely unlocked my neck and shoulders within 24 hrs and took away the migraines. The constipation was also resolved.

P.S. To combat flu i also used Lypho-Spheric liquid Vitamin C (from Amazon.com), Sambucol (from Walgreens), cayenne pepper and the FIR Hothouse Dome"

Mental clarity.

"On November 6th I started a new job and started using the E-Power machine on a daily basis. One of the things that amazed me was finding myself in the office at 9, 10, 11 p.m., sometimes through 1 or 2 in the morning, and still be able to concentrate and focus. In addition, I had a problem with becoming drowsy on the long freeway drives home - especially after working so late. This new job I started was a 100 mile round trip 50 miles each way. On these long drives, my vision would become blurry and I was in danger of falling asleep at the wheel.

One night, I found myself behind the wheel of my car and felt like I was looking at a 68 inch plasma TV. I realized that my vision and the way I saw the road that night was something I had never experienced before. A couple of times I thought, "This is sort of strange." So, I quit using the E-Power for a couple of days. I was barely awake late at night. I started to use the E-Power again and feel a mental clarity that was just really fantastic. I'm 56 and I'm trying to compete with younger people. I'm able to get a lot accomplished on the job and I think E-power has terrific benefits for me." - Alan Simmons, HTE conference call.

Pain and depression gone - can walk again.

"I've had several accidents and two back surgeries that left me with pinched nerves in my lower back. This has been going on for the last 10 years. Sitting really aggravated the nerves, so I couldn't sit for any length of time. I simply

wasn't able to walk, sit, or stand much at any one time. In the last year I've been doing some therapy (and it helped somewhat), but I still couldn't sit without pain. In addition, I suffered from depressive mood swings and most of the time I was polarized in depression.

I took the risk and got hooked up to E-Power machine. As soon as I sat down, I could feel the electric stimulus going all over my body, and tingling in my head. I felt like all of my pathways were being cleared - instantly balanced and with a clear mind. And, the pain was gone. I was able to sit. You're supposed to start slowly on the E-Power, but I wanted see what it could do. I put it on full power and was able to sit for 90 minutes straight. I acquired more energy sitting and being on the E-power than I ever had. For me it's like you take your cell phone and plug it in, and well now, you plug your body in and it re-energizes with the E-Power.

Marilyn has since given up her crutches and scooter. She can now walk and sit in a chair. Her face is brighter, she is more alert, and her depression has lifted." - Marilyn Smith, HTE conference call, and Deanna Sudweeks, HTE distributor USA and Canada.

Lightweight, portable E-Power machine and belt.

Beautiful skin, hot flushes under control.

"The E-power machine arrived on September 17th, 2007. I began using the E-power 90 minutes twice daily. After one month i was seeing changes in my face and neck area. My extra chin that i had acquired was disappearing and the face that i had when a youth was returning.

I am still using the E-power for 30 minutes twice a day, it has been 6 months now, and i am seeing more subtle changes. My skin all over my body is very smooth and the

skin on my face has gotten very young and vital looking. A friend who had not seen me for about 6 months said to me "What are you doing, your skin is beautiful."

Another benefit that i have from using the E-Power is that i am not as frequently having the hot flushes that i have experienced since i was about 40 yrs old. I would awaken in the night very often and not be able to go back to sleep as my body had become intensely hot. Since using the E-Power i am able to sleep for longer periods of time because i do not have the hot flushes that wake me. I also have less hot flushes during the day." - Joni Bradley, Calgary, Alberta, Canada.

Elimination of flu symptoms:

"At the beginning of this year, i got sick with the flu and a throat infection. I used the E-Power for one hour in the low mode and 4 hours at medium intensity. By the time i woke up my symptoms had disappeared. I repeated this with my son since he was having the same discomfort and he obtained the same results. The E-Power machine eliminated the symptoms of the flu and throat infection in a very short time for both of us." - Oscar Ortiz, Monterey, Mexico.

Blood sugar levels dropped.

"I am diabetic and my blood sugar levels dropped without the use of drugs. I use the e-Power for 30 minutes every day and continue to see my health improve, along with a

head of healthy hair." - Jose Luiz Cortez, Saltillo, Coah, Mexico.

Overall health improved dramatically.

"I am 40 years old. My doctor recently gave me an exam and detected severe digestive problems including chronic constipation and gas. My abdomen looked big and my breathing was difficult. I also had pain in my stomach about an hour after eating. I have had this problem for nearly two years.

I began to use the E-Power machine for about 30 minutes every day. On the fourth day i expelled a part of a parasite (tapeworm). The expelled part of this parasite was almost 90cm long. My mood began to change and i started to feel better. The next day, after treatment with the E-Power machine, i didn't feel any abdominal pain. Since beginning e-Power sessions, not only have i expelled the parasite, but my overall health has improved dramatically." - Silvia Vidal Morales, Monterrey, Mexico.

Wrap the velcro belt around your waist.

Sit down, set the controls, and relax.

Overall health is now stable.

"I am 75 years old with no family background related to my current condition. About 6 months ago, I started to feel very tired. The color of my skin turned light yellow, and problems such as bad breath, insomnia, nightmares, and aggressiveness were increasing every day. I went in for a check-up. The doctors examined me, running numerous tests. After all the tests were in, they concluded that I had a 'Crisis of Hypoglycemia' (low blood sugar).

I started using E-Power one hour per day, along with the complementary therapy. After using the machine, I started to notice an increase in energy, and the symptoms that

used to haunt me daily started to diminish. After a month of E-Power sessions, I went back to my doctor. I did not show any signs of low blood sugar and the test results came back in the normal range. I'm currently on the same program and monitoring my health closely. At this time my hypoglycemia has disappeared and my overall health is stable." - Oscar España Fuentes, Monterrey, Mexico.

Stopped wearing glasses.

"During the last 3 years I suffered with blurred vision, preventing me from reading up close. I only saw specks. I started to use the E- Power machine for 30 minutes every day, and it helped me a lot. I can now distinguish letters. I'm very happy because for years I tried other alternatives and I was resigned to use glasses my whole life; but now, with the continuous use of this equipment, I stopped wearing glasses." - Fernando Estrada, Monterrey, Mexico.

Water retention and bulging stomach reduced.

"I am 68 years old and for a long time I suffered from pains in my whole body: arms, waist, neck, legs, and (especially) my right knee, which was very swollen and red. I also had numbness in the plant of my foot. I took a lot of pills for the pain, and I didn't want to keep taking them. I noticed that I was retaining fluids and it appeared that I had gained weight as well. I began to check out alternatives with faith in finding relief. Since October 15, 2007 I've using HTE machines every day - the ERE for 15 minutes, the Chi

Machine for 5 minutes, the E-Power for 15 minutes and the Hothouse dome for 30 minutes. After the third session, I started to urinate more. My water retention and my bulging stomach have been greatly reduced." - Francisco Benavides Garza, Monterrey, Mexico.

A better quality of life.

"I am 60 years old. Twelve years ago I started to have headaches, tiredness, drowsiness, and shakes. For that reason it was necessary to see my doctor, and I was diagnosed with diabetes. This was a big shock because diabetes is one of those diseases that if you don't take good care of yourself, it can provoke death. I started taking medication and stayed on it for 3 years but my blood sugar leveled out at 280. I visited other doctors, but it was always the same. It didn't matter what diet I was on, my blood sugar remained too high. Other doctors prescribed Insulin. I was treated with the Insulin plus another medication, and was able to achieve a blood sugar level of 140.

Headaches were part of my daily life, and besides that, I started to have pain in my neck. My doctors said it might be a wearing of the bones and they recommended exercise. So, I went to a massage therapist and started to exercise. My headaches started to diminish for about half a year.

One day my doctors recommended that I visit a Sports Clinic with specialized personnel. Dr. Pablo Betancourt, Director of the Cell Rehabilitation Department in Angeles del Carmen Hospital in Guadalajara was the one who

recommended the E-Power machine. He put me on the machine for 30 minutes per day Monday through Friday.

Jowls and under the chin tightened up - photo before and after several months.

TRYGLICÉRIDES

I had problems in the urinary tract, so at November I went to the hospital, they run several laboratory analysis, which showed an abnormally high level of Triglycerides (2,500). I was very concerned but not the doctors who dismissed my problem.
My sister took me with Doctor Azeneth Avendaño, she recommended me to use E-Power and only after 1 week of use it I felt a great improvement. One month later I run blood test again and they showed that Triglycerides decreased to 325, the total cholesterol decreased to 200 as well as Uric acid levels. Finally the pain and problems of urinary tract have gone. I really appreciate HTE for bringing this new option that allowed me to improve my life.

SECOND-DEGREE BURNS

At December 2007 I suffered second-degree burns all over my face in a domestic accident. I was transferred to the County Hospital but the doctors did not offer me any diagnosis or hopeful treatment.

The epithelium of my eyes suffered burns and I was unable to see anything for 5 days, my biggest fear was loss my sight forever.

Finally I recovered my sight and saw that I looked like a monster and I was summed in a big depression.
I started to use E-Power and the amazing changes started, now I don't have any scar in my face, I got over the depression and I am happy to live.

Blood Sugar Drop.

After a week of sessions, I started to feel bad, developed a terrible headache, and drowsiness. After testing my blood sugar, I was amazed how much it dropped - only 78. This situation never happened to me in the 12 years I had been

suffering with this disease. I called Dr. Betancourt and he told me that the discomfort I had that day was due to the detoxification of my body. He asked me to stop taking insulin and only take the other medication, and to keep monitoring my blood sugar levels everyday.

Since that day my blood sugar levels have been between 110 and 120. I now have more energy, which makes my daily labors easy, I have a better quality of life and i use the E-Power everyday." - Susana Garcia Rojas.

Arm Injury repaired, pH balance improved.

"My husband is a Chiropractor and I'm a therapist. My husband was about 50 yrs old when he hurt his arm with a weed eater. He was scheduled to have an operation on his torn rotator cuff. Well, 1) He didn't want to have an operation, and 2) it doesn't always work when you get the rotator cuff repaired. He never had the operation, and he is 72 years old now.

We borrowed the E-Power machine from a friend and left it on for half hour. After 4 days we called Deanna (our friend) and said, "We can't believe this." You know, Ted's shoulder was so bad that he had great difficulty pulling up his pants. He couldn't even put his belt in his pants, so I had to help him with it. To make a long story short; Ted didn't get his arm operated on, and now he can pull up his pants on his own. Ted wasn't able to use his arms, he wasn't even able to massage until after using the E-Power

machine - but he can massage again now.

And, it turns out that the E-Power helped in other ways. We tested the pH of our urine and the pH improved within a week." - Novak, HTE conference call testimonial.

The ATP Enzyme, pH balance, sleep and stress.

"It is critical for people to understand that ATP gives your cells energy. The E-Power machine is making the cells more permeable. It's activating the ATP to clean up the cells and reduce inflammation.

Stress and toxic relations, toxic emotions and food, can all affect our pH. If you don't have a good alkaline balance in your body, mucus and high acids create inflammation that causes disease. The sodium potassium ratio is very important for you to know because if you have a poor sodium potassium ratio then basically your cell membrane becomes stiff. It's inflexible, toxic. Think of it as "terrorism at the cellular level" so to speak.

We've got cells that are not functioning and diet can create this insulin resistance. Diabetic habits are a real challenge for the cells that aren't responding to the insulin. Then, the pancreas makes more insulin and causes inflammation of the cell membrane. Electrotherapy makes our cells more permeable, where toxins can get out, nutrition can get in, so we can start to assimilate our nutrients better and it helps our cells to communicate. Instead of being inflexible and stiff, electrotherapy helps the mitochondria cells and boosts the electrical energy that we so need.

Everybody can use more energy, have cleaner cells, and expel the inflammation and the mucus, and thereby reduce the chances of contracting numerous diseases. Many people have read or heard of the book "The Body Electric." Without the currents inside our bodies, we would die. It's very exciting to know that we can put on the E-Power belt and charge up our bodies battery pack getting a lot of electrical abnormalities to come into balance.

I think the biggest thing for me personally is that I love to study ... and I can now retain what I'm studying and I can study for long, long periods of time. I also benefit from better circulation and more energy. I sleep sounder ... it seems like I just have a sense of less stress and I don't seem to run on so much adrenaline. Maybe the E-Power is balancing out my adrenals as well as my hormones. I feel such a solid energy that I can stay up late and I can get up early and I know I still need sleep but I really can do really well even when I'm not getting adequate amounts of sleep. I can just 'juice up' and keep going." - Julie, HTE conference call.

A different man.

"Dan is 45 years old, has 3rd degree bed sores, spends a lot of time in the bathtub where it is most comfortable for his body, takes numerous toxic drugs, sleeps badly and has no energy. He borrowed and used the E-Power machine just once, for 30 mins. The following day he was walking around, energized and without pain. A different man for a day." - Erica (Dan's girlfriend), Los Angeles, CA

Tick-borne illness.

"I used the E-power in conjunction with the herb teasel for my Lyme, which no-one understands or knows how to eliminate as it is a very complex disorder. I received positive results, i had more energy, and i look to the future with optimism." - Samantha, Ft. Wayne, Indiana 2012.

Crystal Billings from Woodridge, MB, Canada tried the collagen face mask using the E-Power machine on high for 30 minutes. She reported in a company newsletter dated January 2009 - "The combination of the mask and E-Power gave my face a smooth and silk feeling and a temporary noticeable improvement in the depth of my wrinkles and tightness around the jaw line."

NOTE: Any sheet face mask will work.

Finding joy all around - Thunder Bay, ON, Canada.

"My husband and i have been using the E-Power for almost a month. I have been on anti-depressants for 9 years and was placed on long term disability as it was so severe. After many attempts to get off them, i have finally succeeded with the help of the E-Power. I am now down to less than half a dose and continue to cut down slowly. I believe the chemical dependency was stored at a cellular level and was finally released through the work of the E-Power.

The cool thing is that my whole attitude has improved and i find joy all around me. And as a bonus - my skin improved dramatically. I had a terrible "chicken neck" - the kind that comes with aging - and lines around my mouth from previous years of being a smoker. My friends are asking me what i am doing to look so great and my husband and i both notice a great improvement in our skin. Our daughter uses her E-Power as well and she is totally hooked on how much better she sleeps and feels. Her stretch marks are fading and she finds that she simply copes better and feels happier." - Joan & Larry
